REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Per the Texas Workers' Compensation Guidelines, claims should be paid at 200% of the Outpatient Prospective Payment System (OPPS) allowable unless implants are billed separately. When implants are billed separately, claims should be reimbursed at 130% of the OPPS allowable plus the cost of implants plus an implant add-on amount of 10% of implant costs (not to exceed \$1,000.00 per line item or \$2,000.00 overall). The aforementioned claim is currently paid at 130% of the OPPS allowable plus the cost of implants plus the implant add-on amount. FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 97 – Payment adjusted because the benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated
 - 193 – Original payment decision is being maintained

Issue

1. Did the requestor waive the right to medical fee dispute resolution?

Findings

1. 28 Texas Administrative Code §133.307(c)(1) states: "Timeliness. A requestor shall timely file the request with the division's MFDR Section or waive the right to MFDR. The division shall deem a request to be filed on the date the MFDR Section receives the request. A decision by the MFDR Section that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section. (A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute." The date of the services in dispute is April 29, 2013 and May 3 – 4, 2014. The request for medical dispute resolution was received in the Medical Fee Dispute Resolution (MFDR) section on September 9, 2014. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute with the Division's MFDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The Division finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute, as addressed in 28 Texas Administrative Code §133.307(c)(1) and (c)(1)(A). For that reason, the merits of the issues raised by the parties to this dispute have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
